

**NEW!**

Newly-developed at CGW, the unique **3-in-1 DISC** offers top performance in a single disc:

- fast, high-quality cutting
  - grinding and weld removal
  - excellent surface finishing
- ◆ Contaminate free: Fe-S-Cl≤0.1%, designed for use on stainless steel
  - ◆ Ideal for a wide variety of metal and stainless steel applications: particularly recommended for cutting metal profiles and thin pipes, and removing weld slag
  - ◆ Highly cost effective: eliminate frequent disc changes; stock fewer discs
  - ◆ Use instead of a flap disc to complete the job with an excellent finish to the workpiece surface

The new **3-in-1 DISC** has a thickness of 2.5 mm and is available in diameters of 115 mm, 125 mm, 150 mm, and 180 mm; an extra fibreglass net provides extra strength and flexibility
